Miriam Stoppard : Baby and Child A-Z Medical Handbook (Perigee) before purchasing it in order to gage whether or not it would be worth my time, and all praised Baby and Child A-Z Medical Handbook (Perigee):

1 of 1 people found the following review helpful. Perfect New Parent BookBy cbakerThis book is wonderful for the new parent, with an ease of use when wanting a fast understanding of what to do from anything from a slight fever and what to do - to penis caught in zipper - it is helpful and explains with photos - rashes and illnesses and when to call the

doctor if more severe, easy to look up with alphabetized illness guide and child situations. Wonderful Book!!0 of 0 people found the following review helpful. Great book for new MumsBy CustomerGreat book for new Mums.I still reference my copy purchased when my children were born 25 years ago.0 of 0 people found the following review helpful. very sad..By DSmith Southwest IowaI have given this book as a baby shower gift for many years in the past.....now a niece has had her first baby and this book is no longer published and only available in used condition.....very sad....
