This was not a useful map. The scaling was strange so in order to use the map as a driving map in Banff/ Lake Louise you need the North and South maps. The maps are pretty big so not convenient at all. I originally purchased to use as a trail map, and it does show a lot of locations of trails, but you can't use it as a trail map. At best it will allow you to find the general location of a trail. I wouldn't buy this again.

By mlfrederick  
Very sturdy and clear maps. We were backpacking and a couple trails we had planned to do were closed because of weather. I'm SO glad we had this map because it has trails marked, where campgrounds are, the distances, and more. IT IS NOT A TRAIL GUIDE but has a lot of this information. We were able to pick a new itinerary without any trail books just using this map. I'll definitely be getting this brand when we do other trips.

Nice map. Durable and covers a lot of trails. Very helpful for both driving and hiking in the parks.

**Waterproof Tear-Resistant Topographic Map**  
National Geographic's Trails Illustrated map of Banff North delivers unmatched detail for outdoor enthusiasts exploring the unparalleled mountain scenery and abundance of recreational opportunities of the Canadian Rockies. Expertly researched and created in cooperation with Parks Canada and others, the map covers the northern and western areas of Banff National Park as well as Yoho and Kootenay National Parks, Siffleur and White Goat Wilderness Areas, Kootenay Plains Provincial Park and the southeastern tip of Jasper National Park. Many popular recreation points of interest are shown, including Lakes Louise and O'Hara as well as the scenic Icefields Parkway, displayed with distance markers. Explore the area by following the map to trailheads and then along precisely mapped trails, shown with distance markers in miles and kilometers and labeled for hiking, biking and horseback riding. To aid in your navigation the map shows glaciers and icefields, contour lines and elevations, labeled peaks and passes, areas of rock debris and water features. Find suitable areas for exploration, according to your area of interest, with labeled campgrounds and campsites, backcountry lodging and cabins, horse camps and corrals, biking and skiing areas, river access points, fishing areas, lookout towers and scenic viewpoints. The map also includes background information about the area, bear safety tips and essential contact information.  
Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation. Other features found on this map include: Banff National Park, Lake Louise.  
Map Scale = 1:100,000  
Sheet Size = 37.75" x 25.5"  
Folded Size = 4.25" x 9.25"
