By ReneeI needed this book for Engl 102 summer term and it was shipped within a week or two so that was fine. However, this was not the current edition which I had no idea eighth edition compared to twelfth edition made a difference. So it was missing a few stories my teacher wanted us to read and was more difficult because she would say read pages 1189 - 1200. With my version, it wasn't the same story. Now I know to look for a particular edition to get the correct book.
