Wendy S. Enelow : Best Career Transition Resumes for \$100,000+ Jobs before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Career Transition Resumes for \$100,000+ Jobs:

3 of 3 people found the following review helpful. Wendy Enelow an expert at resume writingBy Patrick D. GoonanI do a fair amount of career counseling and have held high paying jobs at several Fortune 100 companies in various capacities. I have always found Wendy Enelow's books helpful and practical, particularly for their well chosen and thoughtful example resumes. There are other books that go into more depth on writing executive resumes and also for people making a career transition. However, this book will be a valuable companion to any other books you might purchase. Career transitions are often tricky and many people miss identifying some of their most important transferable skills. This book will help you to avoid that error and is worth owning just for the example resumes.

Focusing on the language of accomplishments, trasferable skills, and keywords appropriate for different occupational

fields, America's leading executive resume writer once again presents a powerful compendium of resumes that opens the doors to job interviews and job offers.

From the PublisherIf you are in career transition, this book is your key to writing and designing a best-in-class career transition resume - a resume that highlights the skills, experience, knowledge, qualifications, and achievements which you have acquired that are transferable to your new career. With a powerful career transition resume in hand, you'll be poised for remarkable career performance and success.About the AuthorWendy S. Enelow is a recognized leader in the executive job search, career coaching, and resume writing fields who has written more than 20 career books.
