LearningExpress LLC Editors : Best Careers for Teachers: Making the Most of your Teaching Degree before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Careers for Teachers: Making the Most of your Teaching Degree:

0 of 0 people found the following review helpful. Best Careers for TeachersBy Elaine P. MahlerThe book is well researched and creative and would be helpful if our economy offered more jobs in every industry, even including teachers finding teaching jobs.10 of 11 people found the following review helpful. How to Get a Teaching JobBy BenI

ordered this book to help me find a career other than teaching. I currently teach, and I am looking for a change. This book offered suggestions and tips of how to get a teaching job. Thanks, I already have that. It should be titled "How to Prepare to Get the Best Teaching Career." The title is misleading.

This book is designed to guide current, former and aspiring teachers towards ways to leverage their teaching education and experiences and find and establish a more rewarding career. It is written both for those who are planning to change careers, and for those who want to explore opportunities in addition to teaching full-time. The material is relevant for primary, secondary and post-secondary educators.
