Bryan A. Garner : Black's Law Dictionary, Standard Ninth Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Black's Law Dictionary, Standard Ninth Edition:

0 of 0 people found the following review helpful. great seller!By CustomerFast service! Great product! Very pleased! Thank you!0 of 0 people found the following review helpful. Excellent condition!By Courtney MontecinoGreat book!0 of 0 people found the following review helpful. Recommended for the study law or political scienceBy G. RyanI bought Black's Law Dictionary when I was studying for pre-Law classes. It is the dictionary the college recommended for classes and one that will be used further down when practicing law. It is a good investment for anyone who is planning any time of law degree or is studying political science.

For more than a century Black's has been the gold standard for the language of law. Today it is the most widely cited law book in the world. Edited by Bryan A. Garner, the world s leading legal lexicographer, the 9th Edition is the most authoritative, comprehensive law dictionary ever published. It contains more than 45,000 terms and includes: 2,000

more terms than the 8th Edition and 19,000 more than the 7th Edition including click fraud, Code Adam, collaborative law, ecoterrorism, environmental tort, friendly subpoena, happy-slapping, honor crime, secret detention, Schumer box, and super precedent. The date when selected terms were first used in English-language contexts, especially in judicial opinions. Heightened accuracy having more than 200 lawyers around the country reviewed terms. Definitions of more than 1,000 law-related abbreviations and acronyms. Almost 3,000 quotations drawn from sources over five centuries. Alternate spellings or equivalent expressions for more than 5,300 terms and West Key Numbers.

About the Author Acknowledged by linguists and lawyers alike as THE authority in legal language and usage, his influence is both far-reaching and profound. Mr. Garner has has a hand in editing the most important legal references produced in the last decade, as well as in training lawyers and judges on sharpening and clarifying their own legal writing. In short, no one better bridges the worlds of law and language--nor is better suited to take on the classic work and make it better.
