With practical ideas on how to preserve your family's information.2 of 2 people found the following review helpful. Most helpfulBy Anastasia McKeeBeginners and more experienced family historians will benefit from the explanations in this excellent book. Used copies are fairly expensive and even library copies are to find. But the information gathered in this compendium is well worth having. Writing style is reader-friendly.0 of 0 people found the following review helpful. Five StarsBy T. L. McraeExcellent book to help in writing your personal history.

This first-ever guide shows researchers how to weave historical details into their genealogies to form a unique family

history narrative.
