**Christian, M.D. Sailer, Susanne, M.D. Wasner : Differential Diagnosis Pocket: Clinical Reference Guide (Pocket (Borm Bruckmeier Publishing))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Differential Diagnosis Pocket: Clinical Reference Guide (Pocket (Borm Bruckmeier Publishing)):

2 of 2 people found the following review helpful. Good book for IM rotationsBy kristy kGreat for a Medical Student or Intern on their IM rotation. Helpful in quickly pulling up differential diagnosis that you may have forgot about or just can't remember. Makes you sound really smart on your presentations that you could think up so many different diagnosis (and then of course either rule them in or out). Bottom line, not necessary, but really helpful2 of 2 people found the following review helpful. This was so unhelpful. Half the time you can't ...By RyanThis was so unhelpful. Half the time you can't find the topic you're looking for. The other half, you end up with a list of 40 things in your

differential. Not helping me narrow it down much. 2 of 2 people found the following review helpful. Not sure this was what I was expecting. May ...By P. Schuh, FNPNot sure this was what I was expecting. May change rating after I've had a chance to use it more. So far...kind of vague IMO
