If you need really detailed maps of a state, buy one of the Atlas and Gazetteers from Delorme (but note that they were NOT available for all states, at least when I last checked). But if you're traveling and need reasonably good maps for the states you'll cross, the Rand McNally laminated maps will serve you well.0 of 0 people found the following review helpful. Good map.By JD EstroyerGreat map for the major roadways. Not super detailed as there are tons of dirt roads in Idaho, which this could never show due to the size. This is a perfect backup highway map. Laminated so It wont get destroyed. Folds easy. Very good purchase!0 of 0 people found the following review helpful.
