Publishing House My Ebook : Encyclopedia of Dinosaurs: Triassic, Jurassic and Cretaceous Periods before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Dinosaurs: Triassic, Jurassic and Cretaceous Periods:

1 of 1 people found the following review helpful. a very boring bookBy adkread some thing else because this book makes no sense because it has barely any pictures so I don't know how each dinosaur looked like.0 of 3 people found the following review helpful. havent read it yetBy D. Millerlooks good but they said pterodactyls nobody uses that word anymoreyou have to write atleast 20 words to submit a review so i wrote thish

Encyclopedia of Dinosaurs will spark the curiosity of young readers, taking them to a time where Tyrannosaurus rex ruled the land, pterodactyls flew in the skies, and packs of velociraptors prowled the jungles. Filled with up-to-date discoveries about prehistoric life, this tome includes comprehensive material about geography, history, and other scientific information from prehistoric times. Here is everything young readers want to know about dinosaurs and their world--in one magnificently illustrated, up-to-date family reference. Profiles all known dinosaurs and prehistoric creatures, from the Triassic, Jurassic and Cretaceous eras and beyond. Each main entry has a highly detailed and technically accurate illustration.
