Excellent Reference Guide By Kindle Customer Seller shipped item out fast. Product is a wonderful guide to all piano chords in a small, concise format. So glad I purchased this book to continue my piano playing journey. All chords in both treble and bass clefs plus diagrams as well. 1 of 2 people found the following review

helpful. I would recommend this little book to anybody who writes their own ...By Sonia FribergThis little book was a God-send. I have just entered into the territory of needing to indicate chords for my music. I have not had any time that I could not find what I needed to match the lyrics and music. I would recommend this little book to anybody who writes their own music or who needs to have chording to be able to accompany any group or individual. It was well worth the price paid.

(Keyboard Instruction). This comprehensive reference guide provides: 1,300+ chords in treble and bass clef notation; 42 chord qualities with multiple voicings for most chords; keyboard diagrams for each chord; and music theory info to aid in chord construction. A must for every piano player!
