**Walter Bickel, Richard Hering : Hering's Dictionary of Classical and Modern Cookery and Practical Reference Manual for the Hotel, Restaurant and Catering Trade** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hering's Dictionary of Classical and Modern Cookery and Practical Reference Manual for the Hotel, Restaurant and Catering Trade:

0 of 0 people found the following review helpful. Concise, thorough, and essential text for culinary workerBy JB123Hering's Dictionary is a very convenient reference guide for the experienced culinary worker, student or aspiring gourmet. A basic foundation of cooking knowledge is needed to truly utilize the text. This is not a recipe book. It is a fantastic tool for menu preparation and extremely useful for verifying terms found in other cookbooks. Hering's shows you the tradition definition of a myriad of classical preparation. The essential ingredients, method and presentation are given for thousands of dishes. The reader is expected to possess the basic knowledge needed to actually prepare the dish. But Hering's is indispensable in ensuring that the proper ingredients are used for a dish as it is to be described on a menu.
