**Thom Taylor : Hot Rod Custom Car Chronicle** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hot Rod Custom Car Chronicle:

0 of 0 people found the following review helpful. goodBy Johngood1 of 1 people found the following review helpful. Good buyBy St Louis theologyI enjoyed this one more than many others of the same genre. Excellent photography, just not enough of it, only a few views of some of the cars. That is the reason for only four stars. The text itself is very good. Any hot rod buff will like this one.0 of 0 people found the following review helpful. Four StarsBy DJUDSTERPretty pictures, not much substance.

From the rear cover of this 288 page book: "From the dry lakes and the Barris Kustom shop to today's high-tech hot rods and high-concept customs, 'Hot Rod Custom Chronicle' traces the history of an American cultural phenomenon.

Read about more than 80 seminal cars and the numerous developments that helped move the rod and custom hobby from postwar pastime to today's multi-million dollar industry." Filled with dozens of color and black and white photos along with descriptive text, this title is a must-have for all hot rod and custom car enthusiasts.
