3 of 3 people found the following review helpful. Career Guy's Survival Manual By Karl E. Walinskas This book is also on downsizing. About half of it deals with the psychological aspects of being laid off, the rest with how to

strategies to avoid it. An easy read with some valuable ideas. My experience consulting with management companies has shown that the fear of bad stuff happening, like getting laid off, significantly impacts performance. This helps you get your head on straight.

In the face of ever-diminishing job security, a handbook shows how to achieve career security through decreasing one's dependence on a single employer, developing new marketable skills, broadening one's career options, and networking.
