Wayne D. Ford Ph.D. : How to Spot a Liar in a Job Interview before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Spot a Liar in a Job Interview:

1 of 1 people found the following review helpful. How To Spot A Bad BookBy Robert C. BuckinghamLet me sum up the book for you - Use Common Sense! the end. I got this book so I would not get caught in A lie at a job interview, to sharpen up my underhandedness. The book falls short their to. Many times, instead of explaining A subject, the author says buy his other books if you want to know about that! B.S.! I'm sure those books say buy this one for information,

Yea -right!7 of 9 people found the following review helpful. An important tool for anyone interviewing job candidatesBy A CustomerThis book is full of the inside stuff you need to weed out bad apples from your candidate list. I wish I'd had it 10 years ago; it would have saved me a lot of grief!Lying applicants really frustrate me. At last I can blow them out of the water.All areas of detecting false statements are covered in this comprehensive, easy-to-read book. It should be on the desk of every interviewer. It should be on a table in your waiting room to intimidate those applicants about to lie to you!What else can I say? It's a great book.3 of 5 people found the following review helpful. A "must have" book for anyone who does hiringBy A CustomerThere is no way to over-emphasize the importance of mastering the art of screening out bad applicants. With this book, you can be a "wizard" in spotting and weeding out the liars who are trying to put one over on you. It is not only a great step-by-step guide but a great reference for dealing with many types of situations. I like having the choice of using the normal screening mode or the "hardball" techniques for special cases. I am now my own lie detector. I am also sharing these techniques with others in my company who hire.

An employer's guide to detecting those who speak falsely in interviews, assessment sessions, and all other communication when seeking employment.

About the AuthorDr. Wayne Ford has worked and managed in numerous industries, accumulating over 30 years of management and supervisory experience. He has interviewed hundreds of job applicants. He holds a Master of Business Administration degree and a Ph.D. in Management.
