Lynette Smith is the Emily Post of writing letters, and a master of paying it forward. She is always giving, giving, giving. I have always felt that it is important to acknowledge and express appreciation for exemplary service or a provider of a special product that improves the quality of one's life. If I think I'm too busy to do this, I remind myself that if I was unhappy or dissatisfied, I would find the time to write a letter, so why not show appreciation when it is warranted. It will make you feel warm and cozy inside, and set up a chain reaction of blessings. Lynette Smith has made it so easy to do with "How To Write A Heartfelt Letter of Appreciation To A Product Creator or Service Provider". Not only has she given us ideas and suggestions to write the letter, but she has carried it one step (maybe two or three) further by providing us with all kinds of other information. One of the most helpful steps is a list of words (which sometimes escape my mind) to use, which will make one's letter a masterpiece, and a joy for the recipient. I highly recommend this book to anyone who wants to show appreciation, and perpetuate the joy and reward of gratitude. I also recommend "How To Write Heartfelt Letters to Treasure - For Special Occasions and Occasions Made Special", which is the first book I read of this author..

Who among us hasn't had an occasion when a service provider a delivery service, a home cleaner, a product creator, a tech support expert, and so on solved an important problem in life? A time when a service provider let you take care of two (or more) tasks at once, did something you didn't have the capability to do, watched over precious people, pets, and things, set your electronics back on track, invented the item which you now couldn't imagine living without? Lynette M. Smith's new book, How to Write a Heartfelt Letter of Appreciation to a Product Creator or Service Provider, will show you how to thank these people with a letter (on paper, not online) that they will cherish and remember. The topics in this small but important book include: What to put in your letter for maximum impact How to format your letter so it can be framed Alternative ways to send your thanks (video, audio, etc.) Making sure the right person gets the message Inspiring words to use in your letter And much more!

In a time when the art of letter writing seems to be a lost art but in fact is as vital as it's ever been Lynette M. Smith is here to teach us once again.

The writer offers general suggestions and specific recommendations, including the choice of the paper, the style of writing, the possibility of framing the letter, etc. I especially appreciated the lengthy list of heartfelt words and inspirational quotes, which can improve the quality of your letter. I also appreciated the reminder that when writing a letter of appreciation, we need to remember to thank more than the product or the service; we need to thank the individual who created or delivered that product or service. I recommend this book highly for anyone who wants to successfully write a heartfelt letter of appreciation to a product creator or service provider.
